

POPUK GAMING

OVERVIEW

Level up your event with our Pop-Up Gaming Workshop! Packed with fun for all ages, this interactive experience brings retro classics, modern consoles, and exciting VR games right to your venue. Whether you're into old-school arcade hits or the latest virtual reality adventures, there's something for everyone to enjoy. Our friendly team sets everything up and helps guide the action, making it easy to jump in and play. It's the perfect mix of fun, learning, and teamwork, great for parties, schools, and community events!

OUTCOMES

After attending the Pop-Up Gaming Workshop, you'll have explored a mix of retro, modern, and virtual reality games in a fun and friendly space. You'll understand how gaming has changed over time and what makes different types of games unique.

You'll build teamwork and communication skills by playing with others, and improve your focus, coordination, and problem-solving through hands-on play. You'll also learn why taking breaks and balancing screen time is important for healthy gaming.

WHAT ARE PEOPLE SAYING?

I'm here today to develop a website, it's been a brilliant opportunity that has allowed us to get a professional looking face online.

I've learned so much and it has been really simplified and now I feel confident to go home and work on it.

PROGRAM AND STRATEGY

1

Youth Engagement & Experience

Empowering young people through hands-on digital experiences, skills development, and real-world opportunities to build confidence and career readiness

2

Digital Literacy Education

Offering tailored training programs that equip individuals of all ages with essential digital skills from basic computer use to advanced online safety practices.

3

Community Partnerships

Collaborating with local organizations, schools, and businesses to expand the reach and impact of digital inclusion initiatives, fostering a supportive ecosystem.

4

Advocacy and Awareness

Raising public awareness about the importance of digital inclusion and advocating for policies that promote equal access to technology and the internet.

OUR IMPACT

37

Internships & voluntary opportunities created.

£15,000+

Financial Savings to 3rd sector organisations.

£36000

Value of social value produced to date.

WAYS TO HELP OR SUPPORT

Become A Volunteer

Help bridge the digital divide and make a real difference in people's lives!

Donate Our Program or Campaign

Support digital inclusion by donating money or equipment—your contribution helps provide access to technology, empowering those in need.

Follow and share!

Help spread the word by sharing our social posts, every share increases awareness, reaches those in need, and brings us closer to bridging the digital divide!
